Understanding Gehaltsabrechnung — From Gross to Net

> Status: March 2026. All information without guarantee.

Gross vs. Net

- **Gross (Brutto)** = your salary before all deductions (stated in employment contract)
- **Net (Netto)** = what arrives in your account
- Rule of thumb: Net \approx **55-65 %** of gross salary

What is deducted?

1. Social Insurance (employee contribution, ~20 %)

Insurance	Contribution rate 2026	Your share	
-----	-----	-----	
Health Insurance	14.6 % + avg 2.9 % surcharge	8.75 %	

Pension Insurance	18.6 %	9.3 %	
Unemployment Insurance	2.6 %	1.3 %	
Long-term Care Insurance	3.6 % (childless: 4.2 %)	1.8 % (2.1 %)	
Total		~21.15 %	

2. Income Tax Lohnsteuer (0–45 %)

Depends on tax class and income. Examples for tax class I:

Gross/month	Income tax	Soli	Net (approx.)
-----	-----	-----	-----
2,500 €	~259 €	0 €	~1,730 €
3,500 €	~470 €	0 €	~2,320 €
5,000 €	~870 €	~22 €	~3,100 €

3. Church Tax (optional)

- 8 % (Bavaria/Baden-Württemberg) or 9 % (all other regions) of income tax
- **Not a church member?** No deduction! Register withdrawal at registry office.

Key lines on your Gehaltsabrechnung

- 1. Gross salary** — total compensation
- 2. Tax gross** — basis for income tax
- 3. Insurance gross** — basis for social insurance
- 4. Income tax** — Lohnsteuer
- 5. Solidarity surcharge** — 5.5 % of income tax (threshold: €19,950)
- 6. KV, RV, AV, PV** — the 4 social insurances
- 7. Net salary** — amount paid to you
- 8. Asset-building benefits (VL)** — employer subsidy for savings

Tips

- **Use gross-net calculator:** brutto-netto-rechner.info
- **Check your tax class** — wrong class = over/underpayment
- **Church tax:** If you're not a member, verify it's not being deducted
- Check your **Gehaltsabrechnung every month** — errors happen
