Notary Costs in Germany — Fees, Services and Money-Saving Tips

What a notary costs, when you need one, and how fees are calculated: property purchase, inheritance law, business formation, and more.

Deutsche Begriffe: Notarkosten | Notar | Beurkundung | Grundbuch | Grundschuldbestellung | Kaufvertrag | GNotKG

What does a notary do?

A **notary** is a state-appointed, independent **legal expert** who **authenticates** legal transactions and makes them legally valid. In Germany, visiting a notary is **legally required** for many important legal transactions — unlike many other countries where a simple contract is sufficient.

How are notary costs calculated?

Notary costs in Germany are **legally regulated** by the **Courts and Notaries Costs Act (GNotKG)**. This means: All notaries in Germany charge **the same fees** for **the same service**. There is no price competition — you cannot "negotiate" or find a "cheaper" notary.

Transaction value as the basis

The fee is based on the **transaction value** (also: subject matter value) of the legal transaction. For a property purchase, this is the **purchase price**; for a GmbH formation, it's the **share capital**.

Fee schedule (excerpt, GNotKG Appendix 2)

Transaction Value	Basic Fee (1.0)
25,000 €	115 €
50,000 €	165 €
100,000 €	273 €
150,000 €	381 €
200,000 €	435 €
250,000 €	535 €
300,000 €	635 €
500,000 €	935 €
1,000,000 €	1,735 €

Depending on the type of legal transaction, the **basic fee** is multiplied by a factor (e.g., 2.0 for a Beurkundung).

Notary costs for property purchase

Property purchase is the most common reason for a notary visit. Notary costs typically amount to **1.5-2% of the purchase price** (including land registry costs).

Cost breakdown (example: purchase price 300,000 €)

Service	Fee Rate	Costs (approx.)
Authenticate purchase contract	2.0x basic fee	1,270 €
Land registry change (ownership transfer)	1.0x basic fee	635 €
Mortgage registration (if financing)	1.0x basic fee	635 €
Execution activities	0.5x basic fee	318 €
Management activities	0.5x basic fee	318 €
Expenses (postage, phone, copies)	Flat rate	approx. 50-100 €
VAT (19% on notary costs)		approx. 490 €
Total notary + land registry costs		approx. 3,700-4,300 €

Who pays the notary?

For property purchases, the **buyer** typically bears the notary costs. This is stipulated in the purchase contract. Theoretically, **buyer and seller** are jointly liable to the notary — but in practice, the buyer pays.

Notary costs for business formation

GmbH Formation (share capital 25,000 €)

Service	Costs (approx.)
Authenticate company agreement	250-500 €
Commercial register filing	125-250 €
Managing director appointment	125 €
Expenses + VAT	approx. 100-200 €
Total	approx. 600-1,100 €

UG (limited liability) — Formation with standard articles

- Using **standard articles** (max. 3 members, 1 manager): approx. **300-400 €** notary costs
- With individual articles of association: similar to GmbH

Notary costs for inheritance and provisions

Notarial will

Transaction Value (= net estate)	Costs (approx.)
50,000 €	approx. 330 €
100,000 €	approx. 546 €
250,000 €	approx. 1,070 €
500,000 €	approx. 1,870 €

Advantage: A notarial will replaces the **certificate of inheritance** — saving heirs approx. 300-2,000 € and considerable time later.

Inheritance contract

- Fee: **2.0x basic fee** based on transaction value
- More expensive than a will, but binding on all parties

Power of attorney (officially certified)

- **Certification:** approx. 20-70 € (transaction value = net estate, max. 1 million €)
- **Authentication** (more comprehensive, recommended): approx. 100-400 €
- **Living will** (certification): approx. 20-50 €

Notary costs for prenuptial agreement and divorce

Prenuptial agreement

Net assets of both spouses	Costs (approx.)
50,000 €	approx. 330 €
100,000 €	approx. 546 €
250,000 €	approx. 1,070 €
500,000 €	approx. 1,870 €

Tip: A prenuptial agreement can be particularly useful when:

- Both partners have **different nationalities**
- One partner **owns property abroad**
- One partner has a **business**
- You want to modify the **marital property regime** (e.g., separate property instead of community property)

Divorce settlement agreement

- Covers alimony, asset division, child custody
- Fee: similar to prenuptial agreement, depends on transaction value
- **Often saves** significant court costs during divorce proceedings

Tips for foreign clients

Language barrier

- You pay **interpreter costs** separately (approx. 100–300 € per hour)

Prepare documents

Always bring to the notary appointment:

- **Valid ID** (passport + residence permit)

Finding a notary

- **Notary finder** of the Bundesnotarkammer: [notar.de](https://www.notar.de)
